ROOTED IN COMMUNITY

About Foothill Family

For 100 years, Foothill Family has served children and families through mental health care, early childhood development, school-based services, and youth and family services. Through our six family centers and our work in schools and the community, we support the whole family - meeting families where they are and helping them buildgreater stability, resilience, and a stronger future.

Who We Serve

We support children, teens, adults, and families facing challenges such as anxiety, trauma, and family stress. From helping a child feel safe to helping a parent build a more stable home, we help families find hope and build on their strengths.
