## Foothill Family Service VoluntEARS for Families

The Walt Disney Company sponsored a Disney Adopt-A-Family extravaganza for young clients of Foothill Family Service. Disney VoluntEARS worked alongside Foothill staff and volunteers to create a party for the nearly 550 children in attendance as part of the Adopt-A-Family program.

Little ones and grown-ups alike expressed their delight and wonder as they took pictures with Mickey and Minnie Mouse and received gifts carefully chosen for the families by the Walt Disney Company's cast and crew members. In total, cast and crew members adopted 153 of Foothill Family's greatest-need families, providing them with toys, blankets, bicycles, mattresses, and many other items. The generosity of the cast and crew members was truly outstanding.

For these local families, struggling with hardships such as job loss, trauma, homelessness, and poverty, the Adopt-A-Family event helped create a more joyful, hope-filled holiday season.

As a young mother attending the Adopt-A-Family event shared, "I am so happy for this blessing, and grateful that there are such kind people in the world." In total, Foothill Family's annual Adopt-A-Family programs aided more than 500 families in need this holiday season.
