DANCE WORKSHOPS

Foothill Family's Dance Workshops bring the art of dance directly into San Gabriel Valley schools, giving students the rare opportunity to learn from professional choreographers in a fun, supportive environment. These sessions have inspired **creativity, confidence, and connection** for hundreds of children and families, many experiencing dance in a professional setting for the very first time.

Beyond movement, the workshops build community and support students' mental wellness, proving that dance is a powerful tool for **mental wellness and self-expression**.
