

Boost your staff's knowledge and skills working with children ages 0 to 5 and their families!

What We Provide:

Early STEPS is a FREE community program that strengthens access and equity to services for children ages 0 to 5 who are at risk for developmental delays, including social and emotional challenges.

What We offer:

- Professional Development Opportunities and Trainings on early childhood development, mental health and disabilities in young children, access to Regional Center services
- On-site or virtual family workshops with interactive sessions
- Short-term case management for referrals and follow-up support

Who We Work With:

- Child Care Centers
- Family Child Care Providers
- Community Colleges
- Schools & Early Education Programs
- Agencies Serving Families with Children Ages 0-5
- Family Resource Centers
