

# Foothill Family

*Rooted in caring since 1926*

2024-2025 ANNUAL REPORT

## rooted in OUR MISSION

Foothill Family empowers children and families on their journey to achieve personal success.

## reaching for OUR VISION

Foothill Family envisions generations of healthy families and thriving communities.

*Dear Friends,*

This last year offered powerful reminders of the strength and purpose that define Foothill Family. In moments of both challenge and compassion, our teams showed what it means to truly walk alongside the families we serve.

When the Eaton Fire swept through our communities, many faced not only the loss of homes and stability, but also the unseen weight of trauma and uncertainty. In the days that followed, our therapists, case managers, and staff stood ready, meeting families where they were, offering comfort to children, and helping communities begin to heal.

Amid this crisis, we launched the first year of our five-year strategic plan, charting a course that builds on nearly a century of service. The plan focuses on expanding access to care, strengthening community partnerships, and ensuring every child and family we serve can find a path toward healing and success. It is ambitious, and it is exactly what this moment calls for.

What gives me confidence in this vision is our people. The staff of Foothill Family continue to lead with compassion, innovation, and courage. You show up for families every day, often in difficult circumstances, and you do it with unwavering commitment. Your work not only changes lives, it strengthens entire communities.

To our Board of Directors, Advisory Board, and Friends of Foothill Family, your partnership fuels our mission. Thank you for your leadership, your guidance, and your belief in what we can achieve together. To our donors, volunteers, and community supporters, your generosity makes it possible for us to reach further and do more. We could not do this without you.

As we approach our centennial year, we honor those who helped build this legacy and look ahead with hope and determination. Foothill Family was founded by people who believed that when families thrive, communities flourish. That belief still drives us today. The next hundred years will bring new challenges and new opportunities, and I know we are ready for both.

Thank you for walking beside us as we continue this journey. Together, we are creating a future where every family has the support and strength to thrive.

***Thank you for your unwavering commitment!***

With gratitude,

Steve Allen  
Chief Executive Officer

# FIRST YEAR strategic plan update

As we reflect on the first year of our 2024–2029 Strategic Plan, we are proud to share the progress made toward our ambitious vision for Foothill Family. Guided by our commitment to working, dreaming, and growing together, our organization has taken meaningful steps to expand our impact, strengthen our capacity, and secure the resources needed to serve more children and families across our communities. This year’s achievements are the result of collaborative efforts from our dedicated staff, engaged Board of Directors, and valued partners, all united by our mission to empower children and families on their journey to personal success. With a focus on responsive programming, organizational growth, and financial sustainability, we remain steadfast in our pursuit of lasting, positive change for generations to come.

GOAL:  
Expand Impact and Grow Reach of Programs and Partnerships

Mental Health access to care  
84%

Early Childhood enrollment  
98%

Youth & Family referral conversion rate  
50%

97%  
of clients rate our services as excellent or good

School-based referral conversion rate  
48%

Foothill Family continued to strengthen its reach this year through thoughtful expansion and strategic communication. As part of our focus on growing programs and deepening impact, the agency successfully entered new geographic service areas, bringing essential mental health and family support services to communities that have historically faced limited access.

We also advanced our School Wellness Initiative Services by engaging key school districts and sharing the value of consistent, campus-based behavioral health care. These efforts reflect our commitment to meeting families where they are and ensuring that students have the support they need to thrive.

In addition to expanding services, Foothill Family worked to keep stakeholders informed of important developments that shape our mission. Through increased visibility, enhanced storytelling, and strategic marketing efforts, we highlighted program achievements and responded to significant shifts in funding and community needs. These communication efforts helped broaden understanding of the challenges families face and demonstrated how Foothill Family continues to adapt, innovate, and lead with purpose.

Together, these efforts strengthened our capacity to grow, respond, and serve communities with greater reach and impact.

GOAL:  
Develop Organizational Capacity to Enable Growth

Retention  
78%

Staff engagement  
59%  
11.2 to 1 engagement ratio

Job offer acceptance rate  
87%

30%  
transfer/promotions internally filled

53  
new employees

22  
interns

6.5  
years average tenure

81%  
of staff are bilingual

Foothill Family’s people remain our greatest strength. This year, we saw steady retention, strong engagement, and more staff advancing into new roles, reflecting a workplace culture that supports growth and values long-term commitment. With new employees and a dedicated intern cohort joining our programs, we continue to build a diverse, multilingual workforce ready to meet the needs of our communities.

We also advanced our identity as a Training Institute by deepening our culture of feedback and strengthening data-informed decision making. These efforts support continuous improvement and ensure staff are equipped to provide the highest quality care.

Technology enhancements continued to move the agency forward, helping streamline operations and improve service delivery. At the governance level, a refreshed Board training series and updated orientation process strengthened leadership alignment and prepared members for deeper engagement in our mission.

These investments reinforce a strong organizational foundation that will carry Foothill Family into its next century of service.

GOAL:  
Increase and Diversify Financial Capacity to Resource Growth

Donor growth  
22%

Revenue growth  
6%

30  
contracts over 4 services pillars

70  
Friends including introduction of men

Foothill Family continued to strengthen and diversify our financial foundation to support long-term growth. By expanding funding sources across all service pillars, the agency increased stability and positioned programs to respond to evolving community needs.

This year, we focused on resourcing innovation and new business development, including efforts to identify funding that will support paid internships for the Mentored Internship Program (MIP). Philanthropic support also grew through intentional stewardship and donor engagement, helping fuel program expansion and strengthen our impact.

The Friends of Foothill Family played an important role in this momentum. With a more strategic engagement plan, members supported outreach, fundraising, and community connection in ways that elevated the agency’s mission and expanded awareness.

These efforts reinforce Foothill Family’s commitment to building a sustainable future for the children and families we serve.

At Foothill Family, we believe healthy families are the foundation of every child's promise for a bright future, and the strength and resiliency of families provide the backbone of vibrant, thriving communities.

We are committed to improving infant, child, youth, and family development, resulting in success in relationships, school, and work.

For nearly 100 years, Foothill Family has led the way in providing comprehensive mental health and social services throughout the San Gabriel and Pomona Valleys, Glendale, and Burbank, through the following key programmatic areas:

**Mental Health Care**

Foothill Family provides effective mental health assessment and treatment for children and adults, individuals and families.

**Early Childhood Development**

Foothill Family's zero to five programs provide parents/caregivers and their young, high-needs children with essential early intervention, detection, and prevention strategies and tools during their child's critical developmental years. Services include parent education and can address autism spectrum disorder and/or other developmental delays.

**School-Based Services**

Currently providing services in 18 school districts in Southern California, Foothill Family provides assistance to children and youth exhibiting social and/or emotional challenges in order for them to succeed at school, at home, and in their communities. Our programs include teacher trainings and promote school community development alongside school/family engagement.

**Youth & Family Services**

Foothill Family launches families on healthy journeys by providing mental health treatment for children and their caregivers, as well as treatment and support services for victims of abuse, neglect, and/or domestic violence. Also, case management and mentoring programs help pregnant and/or parenting youth to attend school and graduate, raise healthy babies, and learn positive parenting skills.

## FOOTHILL FAMILY'S IMPACT

**89%** of Foothill Family employees say the mission and the purpose of the agency make them feel their job is important

**18** school districts benefit from our on-site, school-based therapy in **177** schools

# EATON FIRE relief and recovery

When the Eaton Fire devastated local neighborhoods, **Foothill Family** was immediately on the ground providing counseling, care coordination, and comfort to families in crisis. What began as an emergency response has evolved into a long-term recovery initiative that continues to help families rebuild their sense of safety, connection, and hope.

Foothill Family provided trauma workshops and school-based counseling across Pasadena Unified and surrounding districts. The work has since expanded to include ongoing support groups, psychoeducational training for teachers and administrators, and new partnerships that extend care to seniors and underserved families still coping with displacement and trauma. Through **Foothill Flourish**, we offered 10 free therapy sessions to anyone affected.

Building on that foundation, we launched **Eaton Bloom**, a long-term recovery initiative that expands trauma-informed care, strengthens school partnerships, and ensures ongoing therapy access for uninsured and high-need families. Together, these efforts have created a continuum of care that supports both immediate recovery and lasting resilience.

Provided Wellness Workshops for elementary students processing both the loss of their school and the emotional impact of the fire

# MENTAL HEALTH services

At the heart of Foothill Family’s mission is the belief that emotional well-being is essential for every child, adult, and family to thrive. Through comprehensive, trauma-informed care, our Mental Health Services provide healing and stability across Los Angeles County.

This past year, our mental health services increased 18 percent over the previous year. Referrals grew following the Eaton Fire, when many turned to Foothill Family for trauma care and recovery support. The **Multidisciplinary Assessment Team (MAT)** nearly tripled the number of children served, while **Intensive Services** reached more clients than ever before. New bilingual psychiatrists joined our team, expanding access to care in communities that often face the greatest barriers.

**Foothill Flourish** also took root this year, offering a private-practice model providing expert mental health care. Flourish provided ten free therapy sessions to fire-affected residents, giving many a much-needed space to process grief, stress, and loss.

Together, these efforts reflect what Foothill Family does best, meeting people where they are and walking beside them as they rebuild their lives.

“I feel like I finally have the tools to help my child thrive. **Foothill Family** has been here for me when no one else was.”  
- Kamila, Foothill Family Client

## IMPACT at a Glance

9,428 clients and families served through Outpatient Mental Health	10 free therapy sessions for fire-affected families	1,355 hours of psychiatric care	62 Full Service Partnership and 36 Wraparound families supported
---	--	------------------------------------	---

# EARLY CHILDHOOD development

The earliest years shape a lifetime. **Foothill Family’s** Early Childhood Development programs give children from birth to age five the best possible start.

Through **Early ESTEEM** and **Early Head Start** (Home-Based and Child Care) programs, families receive screenings, parent education, and mental health consultation that foster healthy growth and school readiness. Each program strengthens caregiver–child bonds and builds confidence.

**Pathways to Professions** offers individuals training, mentorship, and hands-on experience to earn a Child Development Associate (CDA) Credential, creating career pathways in Early Childhood Education that strengthen families and communities.

This year, Early Head Start achieved 98% enrollment, exceeding federal goals while increasing participation among children with disabilities, unhoused families, and foster youth. Early ESTEEM provided mental health consultation to four partner school districts and childcare centers, while Pathways to Professions trained our sixth cohort of students for careers in early education.

Together, these programs form a cycle of growth and opportunity, helping young children thrive today while developing the educators of tomorrow.

“I not only learned about children; their feelings, their emotions and the diversity of children with autism, special needs, certain behaviors, their crying language, love language and how much children needed love. But I also started to **learn about myself** and what I missed out on growing up.”  
- Crystal, Pathways to Professions graduate

## IMPACT at a Glance

Early ESTEEM 253 children served in addition to 134 parents and 70 teachers	Early Head Start Home Based 168 children served	Early Head Start Child Care 386 children served	Pathways to Professions 66 students graduated
---	---	---	---

# SCHOOL-BASED services

Foothill Family’s School-Based Services bring mental health care directly to where students learn and grow. Partnering with 177 schools across 18 districts, our therapists provide counseling, classroom interventions, and crisis response that strengthen emotional health and academic success.

This year, Foothill Family expanded its **Wellness Coach** model in Alhambra Unified School District, supporting four campuses with plans to grow to six next year. At Baldwin Park Unified, staff provided nearly 2,000 therapy and consultation sessions reflecting the growing demand for mental and behavioral health support in schools.

Foothill Family also used the arts to promote emotional healing and connection through **Dance Workshops** developed in collaboration with professional choreographers. These workshops helped students process trauma and stress while fostering resilience through creativity.

By embedding care and creativity into schools, Foothill Family ensures that students and educators have the support they need to heal, learn, and thrive.

## IMPACT at a Glance

<b>1,496</b> students received on-campus mental health services	<b>177</b> schools across <b>18</b> districts partnered with Foothill Family	<b>1,864</b> sessions, <b>206</b> consultations, <b>395</b> parent contacts delivered in Baldwin Park Unified	<b>17</b> Dance Workshops held across eight schools, supporting student resilience and well-being
--	---	--	--

“The creative outlet that was provided by **Foothill Family** was the Dance Workshop. I think that does really give them this other way to express maybe what they’re feeling. This traumatic event that has bonded our community, the Dance Workshop was an event that bonded them in the **sense of joy.**”

# YOUTH & FAMILY services

Foothill Family’s Youth & Family Services empower young people and parents to build safe, stable, and self-sufficient lives. From case management for pregnant and parenting teens to family violence prevention, these programs strengthen relationships and create pathways to lasting change.

This year, Teen Family Services reached record participation, with **70 teens** in our **Adolescent Family Life Program (AFLP)** and **126 teens in Cal-Learn**, each receiving personalized guidance to pursue education and career goals.

**Relative Support Services** nearly doubled its reach, serving **383 families**, many affected by the Eaton Fire. Family Preservation expanded into two new regions—Pomona and Santa Fe Springs—broadening access to critical supports for families referred through DCFS.

Through these programs, Foothill Family continues to meet families where they are, helping them rebuild trust, confidence, and connection in times of crisis.

## IMPACT at a Glance

<b>1,816</b> youth and families served	<b>383</b> families served through DCFS Relative Support Services	<b>371</b> families reached through Family Preservation programs	<b>406</b> families assisted through CalWORKs domestic violence services
---	--	---	---

“**Foothill Family** changed my life. My boys are safe and happy. I am not scared anymore. There is so much you have done for me and my boys. We have beds, food, and **a place to call home.** We will never forget your kindness and support.”  
- **Angie**, Foothill Family Client

# new PROGRAMS

Healthy families are the foundation of strong communities and have been at the heart of Foothill Family’s mission since 1926. Every new program we launch builds on that legacy, creating opportunities for healing, growth, and lasting change. This year’s program expansions reflect both innovation and commitment, as we continue to evolve to meet the complex and changing needs of the communities we serve. Through these new initiatives, Foothill Family is strengthening pathways to care, expanding access, and empowering children and families to thrive for generations to come.

## Early STEPS

Early STEPS (Early Support, Training, and Education for Partners) is Foothill Family’s newest initiative supporting parents and caregivers of children ages 0 to 5 with developmental delays or disabilities. Funded by the California Department of Developmental Services’ Service Access and Equity Grant, Early STEPS provides culturally responsive education, resource navigation, and advocacy to ensure equitable access to early intervention. By empowering caregivers with knowledge and tools, the program helps families better understand their child’s strengths and developmental needs.

## Eaton Bloom

Born out of Foothill Family’s wildfire response efforts, Eaton Bloom is a long-term recovery initiative that helps families and communities heal from trauma. Combining counseling, case management, and psychoeducational support, the program ensures that families affected by disasters have ongoing access to care and stability beyond the immediate crisis. Eaton Bloom extends Foothill Family’s legacy of compassion in action, strengthening community resilience and providing a model for trauma-informed recovery that can be replicated in future emergencies.

## School-Wide Impact Services

Creating safe and supportive learning environments, this program strengthens academic success and emotional well-being. Using a family-focused approach, we partner with schools to enhance student development, family engagement, and school-home connections, prioritizing prevention through trauma-informed practices, culturally responsive outreach, and wellness initiatives. Services include counseling, crisis support, parent partnerships, skill-building workshops, and strategies to improve attendance and belonging. By integrating these supports, Foothill Family helps reduce disciplinary incidents and increase satisfaction among students, parents, and educators.

## Foothill Flourish

Foothill Flourish was created to expand access to affordable mental health care and bridge the gap for individuals who are uninsured or seeking services outside traditional systems. Through a private-pay and sliding-scale model, Flourish provides high-quality counseling and wellness services tailored to meet clients where they are. This year, Flourish became a vital resource in Foothill Family’s disaster recovery response, offering ten free therapy sessions to those affected by the Eaton Fire and helping hundreds of individuals begin their journey toward emotional healing and stability.

## Enhanced Care Management

The Enhanced Care Management (ECM) program delivers coordinated, whole-person care to Medi-Cal recipients with complex health and social needs. By connecting clients to medical, behavioral health, and community resources, ECM helps reduce barriers to wellness and improve quality of life. Foothill Family’s ECM team provides individualized case management and follow-up support, ensuring that clients receive the right care at the right time. In its first year under the Youth and Family Services umbrella, ECM expanded partnerships with managed care plans and began enrolling more clients across Los Angeles County.

## Family Preservation Expansion – SPA 7

Foothill Family’s Family Preservation program grew significantly this year with the addition of new contracts in Service Planning Area (SPA) 7, serving communities in Pomona, Santa Fe Springs, and Glendora. The expansion allows Foothill Family to reach more families at risk of child abuse or neglect, offering counseling, parent education, and intensive case management to keep children safe and families together. The new sites have already demonstrated strong engagement and collaboration with DCFS partners, reinforcing Foothill Family’s reputation for excellence in family-centered care.

**Foothill Family** shares my commitment to equitable access to mental health services and belief that a thriving community begins with prioritizing the well-being of each and every individual. Their high-impact work transforms peoples’ lives and supports a healthier, more resilient San Gabriel Valley.”

- Rep. Judy Chu  
California’s 28th District, U.S. House of Representatives

Foothill Family’s Intensive Services Team hosted a day of pampering for our families including manicures and haircuts

# employee GIVING

**Foothill Family** is indebted to our dedicated employees who sustain and elevate the agency with their passion, talent, and expertise, many of whom simultaneously support Foothill Family philanthropically. Our team demonstrated remarkable unity this year, giving to families in the community and rallying around staff members who faced their own devastating losses in the fire. The **Foothill Family** team contributed over \$58,000, with 40% of the staff participating. The following recognition includes employee giving from July 1, 2024 to June 30, 2025.

# a legacy of COMPASSION

## Celebrating 25 Years of the Friends of Foothill Family

Twenty-five years ago, two women saw an opportunity at Foothill Family. The agency was serving thousands across the San Gabriel Valley, and its board was doing everything it could to meet growing community needs. Yet there was no volunteer group walking alongside them. In 2000, board members and friends, Lori Winters Samuels and Shannon Seiter Williamson, believed Foothill Family deserved that kind of support. Their idea soon grew into a movement that continues to strengthen the agency today.

Lori and Shannon invited a small group of women to consider forming a volunteer community. The response was immediate. Once people understood Foothill Family’s impact, they were eager to help. That early energy propelled the Friends into their first major efforts, including Backpacks for Brighter Futures. More than a service event, it gave students confidence as they returned to school. Holiday Adopt-A-Family soon followed, deepening the founders’ commitment as they read lists from families requesting diapers, socks, formula, and other basic necessities. These moments were powerful reminders of both the profound need in the community and the difference a caring group could make.

The Friends also helped shape one of Foothill Family’s longstanding traditions, the annual benefit. The event blended celebration with meaningful storytelling and built relationships that still anchor the agency’s philanthropic community. Many supporters share that their first introduction to Foothill Family was through a Friends event, benefit, or service project.

As the group grew, volunteerism naturally became a family activity. Children decorated boxes for Making Seasons Brighter. Teens earned service hours at backpack drives. Parents and grandparents joined together for the Kindness Box project. Lori often reflects on how “giving young people the chance to help someone they may never meet fosters a deep and lasting compassion.” These moments shaped the culture of the Friends and strengthened Foothill Family’s connection to the larger community.

Membership has continued to expand. Today, the Friends include more than 70 active members, and in the past year, men were welcomed for the first time. This milestone reflects a growing desire for whole-family involvement and a shared commitment to building healthier, more supportive communities. As Foothill Family prepares to enter its Centennial year, the Friends are working toward a goal of reaching 100 members and introducing opportunities for children to participate in meaningful service.

Shannon often reflects on the heart of the movement they started. “I am so proud of our friends and the community for helping make lives better. That is what is special about the San Gabriel Valley, we are here to help when we can and when the call is out. Hundreds of people gave time, money, and in-kind donations because they wanted our community to be a better place for everyone.”

What began with two women and an idea has grown into a community tradition rooted in compassion, generosity, and a belief that small acts of kindness can transform lives. The Friends of Foothill Family continue to light the way for the next generation of volunteers who are ready to carry this legacy forward.

We looked around and thought, Foothill Family deserves a group of people who will show up, roll up their sleeves, and say yes.”

- Lori Winters Samuels and Shannon Seiter Williamson, Friends of Foothill Family founders
